# **COMPOSITION OF A NATURE RESEARCH PAPER**

# **PRINT PAPER**

#### Key features:

- Includes main text and figures/tables/boxes plus references.
- Appears in print and online as a PDF and as full-text HTML.
- Text and figures are copy-edited to Nature style.
- Figure formats: colour artwork supplied in **RGB (recommended) or CMYK formats**; preferred formats are layered Photoshop (PSD) or TIFF for photographic images (minimum 300 p.p.i.), Al, Postscript, Vector EPS or PDF for line drawings and graphs.

# **METHODS**

### Key features:

- Includes full Methods and associated references (if additional to the main references). Figures and tables are not allowed.
- Online only, appended to the print paper PDF and in the HTML.
- Text and any additional references are copy-edited to Nature style.

## **EXTENDED DATA**

#### Key features:

- Includes up to ten additional Extended Data display items (figures or tables plus legends, each not exceeding a page). Any additional references are included after the Methods section.
- Online only, appended to the print paper PDF (after the Methods), and included in the HTML.
- Legends are copy-edited but figures and table bodies are not edited and are used as submitted.

# SUPPLEMENTARY INFORMATION

#### Both assis co-receptor distribution and 35% prometer activity have a limited impact on the interpretation of the DB-VENUS fluorescence pattern in the root tip

The analysis of the TRININE correspond (Supplementury Fig. 1) and of sufficiency for the trial of the supplementary fig. 3 is suggest that promption express your depresses are simple supplementary fig. 30 in suggest that promption is of the supplementary fig. 30 in suggest that the state of  $\phi(p)$   $\phi($ 

### Key features:

- Most Supplementary Information is supplied as a single PDF and may include supplementary discussion, notes, methods, etc. Figures should not be included in the Supplementary Information. Additional file formats include movies, spreadsheets and data sets.
- Online-only, downloaded as a separate file(s) from the Nature website.
- Discrete items of Supplementary Information (e.g. movies) must be referred to at an appropriate point in the main text of the paper.
- Not copy-edited, but PDFs are labelled with a Nature header/footer.
