

Use these specifications to send artwork to us. Please ensure that you include 3.175mm or 0.125" bleed where appropriate.

Acceptable file formats

Artwork should be supplied in PDF format. To ensure good reproduction of your artwork please supply a PDF to PDF/X-1a standard. If this is not possible, supply a standard CMYK, high resolution PDF (at least 300dpi), with all fonts and images embedded. Ensure that bleed is included and clearly shown with bleed marks.

We can also accept artwork supplied in these formats:

Adobe InDesign, Adobe Illustrator, Adobe Photoshop, TIFF and EPS.

- Corel Draw and Microsoft Office files cannot be accepted
- PDFs should not use any passwords or security options
- Artwork should be pre-flattened so there are no transparent objects in the supplied file
- Full page advertisements must have a bleed of 3.175mm or 0.125"
- Adobe Illustrator files need to be supplied with fonts and images or saved with images embedded and the text converted to outlines

Colour

- All files must use CMYK or greyscale color space
- No spot colours should be used
- Should not exceed ink density of 300%

Fonts

- Embed or supply fonts as necessary
- Do not use 'multiple master' fonts

Images

- Images should be no less than 300dpi

Proofs

For best color reproduction you must supply an accurate color proof. Send via conventional mail to your production contact. The proof must have been created from the same digital files as those supplied to us. For monochrome advertisements, a laser print is sufficient.

Quarter	3.25	5	82	127

Please check with your sales representative to ensure that the advert size you require is available.

Springer Research Journals are perfect bound and published in a portrait format at a trimmed page size of 210mm x 279mm (8.25" x 11").

Please supply with an extra 3.175mm (0.125") of bleed for all adverts that run to the edge of the page. Safe area: keep all text at least 10mm or 0.5" from the trimmed edge.

Insert samples

A sample of the insert needs to be approved by the production department prior to insertion with the journal. Ideally this should be the actual piece. Alternatively this could be a mock up trimmed to the exact dimensions, using the same paper and folded or perforated, as the final insert would be. This needs to be with production at least two weeks prior to the issue date. A digital copy can also be sent in advance to check for content.

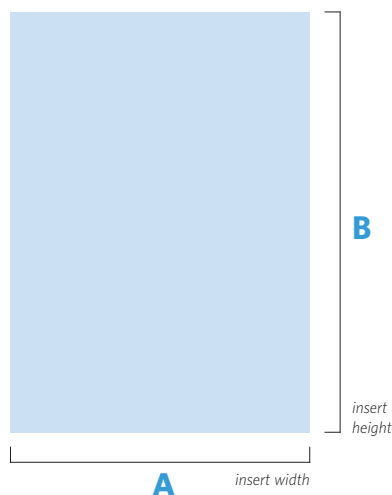

Clearly identify the front/back of the insert, or the page numbers when appropriate.

Although we make every effort to ensure that the these specifications are accurate they will be subject to change. Therefore, please check the specifications with us before sending any material for design or print.

It may be possible to accommodate types of inserts other than those featured in this booklet; please contact your sales representative to discuss any special requirements.

Cover tip-on

Supply to the trimmed size.

The height of the insert must equal or exceed the width.

Front cover tip-ons will be positioned in the bottom left hand corner.

	Minimum		Maximum	
Width A	120mm	4.75"	205mm	8.125"
Height B	120mm	4.75"	205mm	8.125"
Paper Weight	115gsm	80lbs	170gsm	115lbs

Loose insert

Supply trimmed and folded with a closed edge. Concertina inserts cannot be accepted.

All loose inserts of 4 pages or more are fed into the publication spine first.

Maximum 8 pages.

Maximum overall weight for the insert is 90 grams (3oz). For heavier items please contact your sales representative as this will incur extra distribution costs.

	Minimum		Maximum	
Width A	120mm	4.75"	200mm	7.875"
Height B	150mm	6"	269mm	10.625"
Paper Weight	130gsm	90lbs	170gsm	115lbs

Head Trim		3mm	0.125"
Spine Trim		3mm	0.125"
Foot Trim	<i>(Only required if the insert is maximum height)</i>	3mm	0.125"
Foredge Trim	<i>(Only required if the insert is maximum width)</i>	3mm	0.125"

Delivery

Deliver inserts to:

[Journal name]
The Sheridan Press
450 Fame Avenue
Hanover, PA 17331
USA

All deliveries must be accompanied by a delivery note showing:

- Journal
- Advertiser/company
- Issue date
- Quantity in carton
- Total quantity delivered
- Carton number (e.g. 1 of 6)

Attach copies of the delivery note and a sample of the insert to each carton. Up to 10 cartons can be accepted loose, any more than this should be palletised. Pack inserts uniformly, facing upwards without turns. Do not shrinkwrap nor use metal straps. Do not mix inserts of a different type in a single delivery. A separate delivery note must be supplied for each insert.

Failure to follow delivery instructions could result in deliveries being turned away. All freight and import charges must be pre-paid by the supplier. Springer Nature is not responsible for delivery, arrival or for any shipments held in customs for any reason while in transit.

Quantities

A minimum of 3% wastage allowance should be included in the quantity delivered. Any overs will be destroyed and recycled after the issue is printed. If you require overs to be kept for future issues this may be subject to handling and storage costs.
